

SING A SONG FOR THE NEW YEAR (Vicky Jacobs)

Sing a song for the New Year
Strike up a song, my friends
Sing a song for the New Year
Hope never ends

We are where we are right now
Some things we cannot control
So take a deep breath, fill your lungs
And sing out with heart and soul

Sing a song for the New Year
Strike up a song, my friends
Sing a song for the New Year
Music never ends
Friendship never ends
Hope never ends
