

THIS WINTER (Ben See)

May we come in
And share the warmth like we've always done
May we come in
And make the table full

These days are rich with stories
But no ears to catch their fall

May we come in
And we'll share a tale or two

May we come in
And share the warmth like we've always done
May we come in
And make the table full

These days are rich with stories
But no ears to catch their fall

May we come in
May we come in
