

LEAVE HER, JOHNNY

Verse pattern

Low: Well I thought I heard the Old Man say:

All: *Leave her, Johnny, leave her!*

Low: Tomorrow you will get your pay

All: *And it's time for us to leave her.*

Chorus (all)

Leave her, Johnny, leave her!

Woh, leave her, Johnny, leave her!

For the voyage is done and the winds don't blow

And it's time for us to leave her.

v.2 Oh, the wind was foul and the sea ran high...
She shipped it green and none went by...

Chorus

v.3 Oh, I hate to sail on this rotten tub...
No grog allowed and rotten grub...

Chorus

v.4 Oh, we swear by rote for want of more...
But now we're through we'll go on shore...

Chorus
