

## **AND YOU RESCUE ME/BEACON OF LOVE**

(Gitika Partington and Andrew McCrorie-Shand, arr. Gitika Partington)

Wild ocean driving rain  
Broken boat, feels like I'm never gonna tread the land again  
Meditate for strength to hold me  
Praying for a beacon of love

Wild waves they leap, they fall  
Broken body, no escaping from the never-ending squall  
Raise my voice up to the dark clouds  
Singing for a beacon of love

And you rescue me  
And you rescue me

Singing for a beacon of love  
Praying for your beacon of love  
Singing for a beacon of love  
Praying for your beacon of love
